DRAMA SHARPENS LIFE SKILLS

OUR CORE PROGRAMMES

KINDY DRAMA AGES 3-5 YEARS

We collaborate with pre-school franchises like Euro Kidz, Kidzee, Kangaroo Kids, Hello Kidz, Podar Jumbo Kids, etc, and activity centres for our co-curricular and extra-curricular classes. Our classes open the exciting world of imagination and creativity for the little ones.

LOWER PRIMARY AGES 6-8 YEARS

Our program enables students to be active participants in all aspects of their lives. They learn voice skills like projection, intonation, pace and pitch. Drama enhances positivity, self-esteem, team building and social skills in our students.

UPPER PRIMARY AGES 9-12 YEARS

Students in our Upper Primary program participate in a wide range of creative activities including speech, dramatic movement and improvisation. At the end of each year, they apply these skills to create a scripted production, which is performed for parents and friends.

YOUTH THEATRE AGES 13-18 YEARS

Performance is at the heart of the Youth Theatre Curriculum and students have many opportunities to show their advanced skills, including an end-of-year production. Students develop self awareness through learning of body, weight, space and time awareness exercises.

YOUTH THEATRE ADVANCED AGES 18+ YEARS

With a theatrical base to these classes, students will learn advanced voice production, spontaneous thinking, improvisation, and advanced acting technique for film, radio and theatre. The skills learnt in these classes will help all adults to become articulate speakers, with excellent presentation skills.
